Volunteer for Committees

The Teton County 4-H program relies on volunteers and members to provide leadership for activities and events. Listed below are several standing committees and event committees. Please consider volunteering to serve on these committees. Ideally, each 4-H club in the county would have at least one adult and one youth on each committee. Serving on committees can be a great practical experience for building youth-adult partnerships and life skills. You may register for the committees by signing names in the blank.
