Mini-Congress Class Descriptions

Is Sewing Your Bag?

In this class you will learn how to sew a kool bag. A waterproof, recycled, stylish bag made from Capri Sun or Kool-aid juice packets! A simple zig-zag stitch on a sewing machine will bring our kool bag together!

Chottie Crary

Where in the World do U-Fit?

This interactive course is designed to give participants a hands-on opportunity to search the countryside and decide where U-Fit. We will be learning about global positioning systems, their uses, and how they work. We will then have the chance to test your skills outside by finding a series of caches using the GPS units.

Cowboy Action Shooting

Grab your saddlebags and head on over for a look at this new and developing 4-H project. As part of the Western Heritage Project, cowboy action shooting is the fastest growing shooting sport in America. Montana is the first 4-H program to have this. Come join us around the campfire for a look into this project!
