

-Fostering Stewardship of Water Resources-

Summer 2009

To Montana Educators:

The information in this guide is intended to help incorporate water education into your classroom curriculum. Activities in the following Project WET Guides are now correlated to Montana Content Standards. The activities can provide exciting alternatives or enhancements to existing curriculum lessons. Many activities encourage learning in outdoor settings with real world applications.

This directory contains Content Standard correlations for activities in the following Guides:

Conserve Water Educator's Guide.....P 2 - 4
Discover A Watershed – Watershed Manager's Educator Guide.....P 5 - 6
Discover A Watershed: Missouri.....P 7 - 9
Project WET Curriculum and Activity Guide.....P 10 - 15
WOW! Wonders of WetlandsP 16 - 19

The activities in each Guide are listed alphabetically, and are correlated to the following Content Standards:

Information Literacy / Library Media	Literature
Math	Reading
Science	Social Studies
Technology	Writing

The correlations are divided into grade levels of K-4, 5-8 and 9-12 to match the benchmarks of Montana OPI Content Standards.

Using the example below from the Conserve Water Educator's Guide, one can see that *Pass the Jug* is found on page 123. At grades 5-8 this activity correlates to the Science, Social Studies and Technology Standards. The **bolded standards** indicate the content areas of primary emphasis. Although most of the Guides do not refer directly to the Technology Standards, correlations to these Standards have been made with the understanding that, in today's classrooms, the use of various technologies is common practice. In each content area, the first number refers to the Standard number; the second number refers to the Benchmark for that Standard. Example: Science Benchmark 1.3 indicates the first Science Content Standard and the third Benchmark for the first Standard.

(See detailed Content Standards at the OPI website: <http://www.opi.state.mt.us/Accred/cstandards.html>.)

Activity Title	Page	Grades	Info Lit / Lib. Media	Literature	Math	Reading	Science	Social Studies	Technology	Writing
<i>Pass the Jug</i>	123	5-8					1.1, 1.3, 5.4	1.3, 2.4, 2.6, 3.3, 5.1, 5.2, 5.4, 5.6	1.2, 2.1, 2.3	

We hope that this resource will prove helpful when planning ways to incorporate water education into your curriculum. Please contact us at 406-994-6671 or mtwatercourse@montana.edu with questions, suggestions, or to request resource help.

This project was funded by Project WET International Foundation through an EETAP (Environmental Education & Training Partnership) Grant.
