

May 8, 2017

Good afternoon,

I am sending this notice to remind you that small animal livestock registrations are due into the office by May 19th at close of business. If you have not yet secured your ear tags please contact us to do so. This registration is for market swine, sheep and goats, as well as dairy goat projects, this is not the breeding project registration. Breeding projects will be registered in June, as we did last year. Additionally, when you turn in your registration, please make sure to turn in the three requested pictures of your animals (a head shot with the ear tag visible and with the youth participant in the picture, and two profile shots- one left profile and one right profile). Finally, for those who have not turned in your profile pictures of your steers, a bill of sale with the buyer information blank and or your registration form, May 19th is also the deadline to do so.

If you have any questions, concerns or if you cannot make one of these dates for any reason, please contact our office at 406-787-5312 or you can email me at jeffrey.chilson@montana.edu. I hope to see you at the fair.

Sincerely,

Jeffrey Chilson
